

Significant Achievements

Each year AMEC businesses work hard to improve safety performance and benchmark performance with its peers.

This section of our performance report celebrates the safety achievements of our three divisions.

Awards received from our clients and national bodies:

- Natural Resources
 - AMEC in Kuwait awarded with KOC's 'Best in Class' HSE Award 2006/2007
- RoSPA awards for excellent safety performance in 2006 were received by
 - Industrial UK
 - Natural Resources
 - Nuclear
- The Associated Builders and Contractors of Georgia announced that AMEC Kamtech had won a Georgia Safety Award of Excellence as well as achieving a Platinum Step award for their safety performance in 2006
- Earth and Environmental received two US National Safety Council (NSC) awards. The first was the National Safety Achievement Award – 'for

displaying exemplary leadership and safety performance in the workplace' and the second was a 'Million Work Hours Award' for 'operating 3,000,000 employee hours without an occupational injury or illness involving days away from work'
